It just completes the quest twice 4 startquest did nothing5 reset quests earlier in the main chain to see if maybe I could talk to one of the NPCs and they would restart the quest for me.. Unfortunately I did it, and it actually removed the quest from my log All steps, after invoking SQO, are shown as DORMANT.. (did it at Sanctuary) Sturges won't do anything, he just wants to trade and doesn't acknowledge it's build and my quest log leads me to my workbench and says build it.
